

TEXTURE

Noise can interfere with rest, concentration and conversation therefore leading to fatigue, irritable headaches and stress. Embelton has developed a high performance noise absorption product that can counteract these problems. Texture is an acoustic wall and ceiling covering that is available in a range of colours.

Panel Dimensions	1200 x 2400 (+/- 1.5mm) (2-3mm Acoustic Texture)
Colour	15
Finish	Smooth
Composition	100% PET (>90% recyclable)
Density	12mm: 2000gsm 25mm: 3600gsm
Thickness	12 / 25mm (+/-7%)
NRC	0.83 (25mm without air gap) 0.4 (12mm without air gap)
Fire Rating	ISO 9705 Group 1 ASTM E84 Class A EN 13051
RoHS Directive	(EU) 2015/863 amending Annex II to Directive 2011/65/EU
