### Care & Maintenance

Caring for your Australian Longboards Laminate floor is easy. Vacuum or sweep the floor to remove dirt and debris, and use a slightly damp (but not wet) mop for regular cleaning. For preventative care, entrance mats and rugs in high wear areas should be considered, together with felt protectors for furniture and appliance legs. Please refer to maintenance details on our website for more details.

## Inspired by Our Beautiful Country, Australian Longboards Exude Sophistication and Quality

## 12mm Australian Timber Laminate

Australian timbers are admired the world over for their unique character and stunning colours. We have selected some of the most prized Australian timber varieties for our Australian Longboards. Being our longest boards at close to 2 metres in length, they exude sophistication and quality.

Choose from our extensive palette of Australian timber colours; the rich reds of Blue Gum, sun-filled blondes of Blackbutt and Tallowwood or the beautiful variation and contrasts of Spotted Gum. The detail of grain and variation in colour and pattern in our Longboards give the most natural appearance of Australian timber. A gloss finish and micro-bevelled edge complete the look of contemporary sophistication that Australian timber is famous for.

The length and width of our Longboards is what makes them really special. At close to 2 metres long, they give a sense of space and quality only possible with long, wide floorboards. They are also robust and very durable. Embelton's 25 year warranty gives you peace of mind that your beautiful Australian Longboards floor will be fully protected for years to come.
